Training

Data Structures & Algorithms Training – CipherSchools | *Link* **Jun 25 - Jul 25**

CipherSchools

- Completed a structured training covering arrays, linked lists, stacks, queues, trees, graphs, recursion, and sorting algorithms.
- Strengthened problem-solving skills through hands-on assignments and practice sessions aligned with coding interview patterns.

Projects

Prompt-Based Bengali RTI Query Translation & Ministry Classification System | *Python3, mT5* **Nov 25 - Dec 25**

- Designed an **NLP**-based system to translate Bengali RTI queries into English and identify the relevant government ministry.
- Fine-tuned a multilingual **mT5 transformer model** using prompt-based instruction tuning for translation and classification.
- Built a **Streamlit** web application enabling real-time query translation and ministry prediction with 62% accuracy.
- Repository Link: **https://github.com/jitabratosarkar/Prompt-Based-Bengali-RTI-NLP**

Event Reminder Management System | *C++, Python Tkinter GUI* **Jun 25 - July 25**

- Implemented core event-management logic in **C++** for reminder creation, update, and scheduling.
- Developed a **Python Tkinter GUI** allowing users to add, modify, and manage reminders through a desktop interface.
- Integrated **file-handling** mechanisms to ensure persistent storage of reminder data across sessions.
- Repository Link: **https://github.com/jitabratosarkar/Event-Reminder-Management-System**

Certificates

Certified Generative AI Professional **Sep 25**
Oracle —Certificate Link

Cloud Computing **Apr 25**
NPTEL —Certificate Link

Computer Communications **Nov 24**
Coursera —Certificate Link

Legacy Responsive Web Design **Nov 23**
freeCodeCamp —Certificate Link

Technical Skills

Languages: Python, C++, Java, C

Technologies/Frameworks: Machine Learning (ML), Natural Language Processing (NLP), Streamlit, HTML, CSS, Git,GitHub, MySQL

Skills: Data Structures & Algorithms, Object-Oriented Programming (OOP), Problem Solving, Prompt Engineering

Education

Lovely Professional University **23 – Present**
Bachelor of Technology - Computer Science and Engineering — CGPA: 6.48 *Jalandhar, Punjab*

Gobardanga Khantura High School (H.S) **20 – 21**
12th with Science — Percentage: 81.2% *Gobardanga, West Bengal*

Balki High School (H.S) **18 –19**
10th with Science & Arts — Percentage: 87.2% *Gobindapur, West Bengal*
